

Ditch the office and get out on the farm!

Competitive salary with company vehicle and attractive bonus scheme!

With a proud New Zealand heritage, Donaghys is committed to being the most innovative Company in Agriculture by commercialising science to add value to farmers.

We are seeking a Territory Manager for the Southland area. This role will include Donaghys Animal and Plant range with the focus being dairy hygiene, mineral supplements, probiotics, N-Boost and crop protection.

Your primary responsibilities will be to service Donaghys existing customer base as well as to seek out and identify growth opportunities for Donaghys. You will need to have a high level of motivation and the determination to succeed and possess a genuine interest in promoting the Donaghys product range.

Donaghys places emphasis on teamwork and you can expect a high level of interaction within all parts of the company. If you have a passion for agriculture and can demonstrate your ability to work in this competitive environment, you possess exceptional sales skills and a proactive attitude, then you will excel in this sales position and in return you will be offered a competitive salary, company vehicle and attractive bonus scheme.

Few NZ companies have traded continuously for over 140 years. Now owned and operated by Kiwis, the team at Donaghys are rightfully proud of their achievements.

Initially famous for its ropes, Donaghys also has a name for itself in the agricultural sector and is continuing a tradition of innovation and service with a large range of products aimed at the farming sector.
