Our expectations

As part of the Whangarei District Council we want to work as a team to deliver the best outcomes for our district. We are building our organisational culture around the principles of delivering for our customers, our organisational values, working together, and focussing on outcomes rather than tasks.

That means we will:

- provide strong customer service to all our customers
- operate collaboratively as a total Council team, and
- deliver our services in a way that is best for the district (as opposed to best for the Council).

In short, we want you to think about what we are trying to achieve, and then work as a team to provide great services to the residents of our district.

Administrator – Building Compliance – that's your primary task at Whangarei District Council. But working with us is much more than simply completing the task – it's about how you go about doing the task, how you make a difference to the organisation, the ways you work with others, and how you deliver the best services to the district.

We're crafting a new way of working together here at Council. We think each of us has a key role to play in making our district a great place to live. We do that by giving superb service to our customers; we do it by working together as a group; we do it by building a culture where we can all contribute our ideas; and we do it by focusing on our outcomes.

Where appropriate, we want you to be part of cross organisational teams, to bring your solutions to the table, and to work with those teams to implement them.
